REPORTS

WATER:

William Care gave the following operational report:

Water Usage for the Month of July 2026:

Total Gallons Pumped	916,400
Maximum Usage per Day	34,843
Minimum Usage per Day	30,329

MOUNT GRETNA AUTHORITY

MINUTES

August 3, 2026

Average Gallons per Day (GPD)

33,940

William Care reported there were no issues in June and July with the system. He stated there were no real peaks and valleys in July.

Timber Service Waterline Interconnection:

William Care reported that a revision to the permit application has been sent into DEP. The revision was regarding the location of the pit and the need to move it out of the flood plain. William Care recommended that contact be made with HRG contact regarding upcoming grant submissions.

SEWER:

William Care gave the following operational report:

Wastewater Treated for the Month of July 2026:

Gallons Treated	2,452,000
Maximum Gallons per Day (7/10/2026)	121,000
Minimum Gallons per Day (7/7/2026)	54,000
Average Gallons per Day	79,000

Rainfall:

Rainfall for the month of July was 5.965" with most of the rain falling on the 4th through the 8th.

Treatment Plant:

William Care reported that there were no issues at the plant. There were no violations for ammonia in the last two months. He also reported that sludge is being pumped as needed and they are transferring as much as possible to the drying beds. Bill Osburn asked if there were dates of maximum and minimum for June. William Care stated he would have them for the next meeting.

CAP reply to DEP:

William Care reported that he is still waiting for a response to the CAP from DEP.
